4,6 kg

Slate .900 tile profile offers the same great aesthetics as traditional slate roof tiles while offering superior benefits.

The deep lines pressed into each ZAM-coated steel profile result in increased shadow definition, resulting in a tile that looks virtually indistinguishable from traditional slate, while simultaneously offering unmatched vandal and weather resistance. Available in .900mm thickness for unsurpassed security Slate .900 makes a perfect choice for a wide variety of roofing projects.

Pitch
12°-90°

Easy installation

handling and cutting are easy, perfect for reroofing

Stone Chip

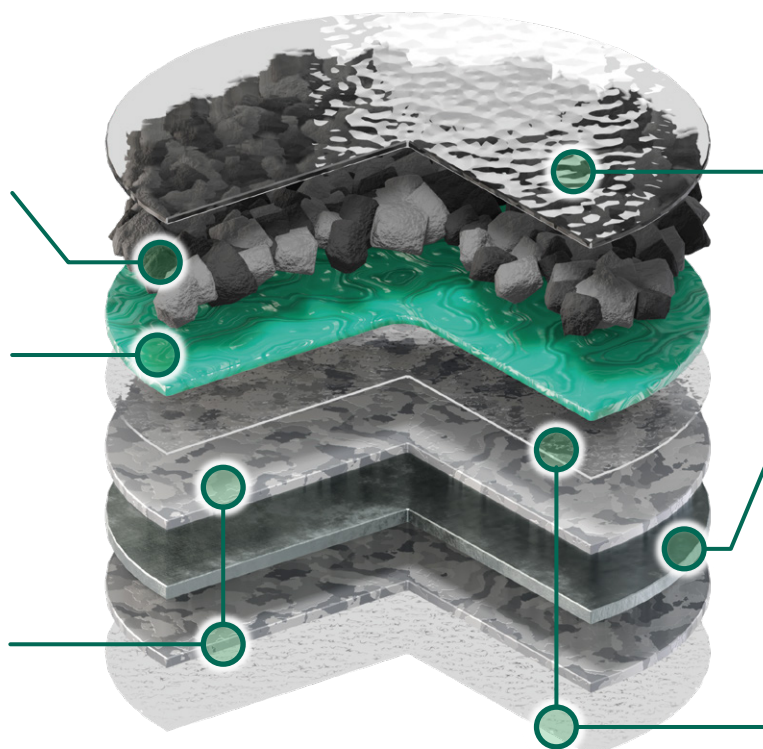

Superb aesthetic with 100% chip coverage

Basecoat

The chips are bonded with polymer acrylic coating with water and UV protection

Special Aluminium-Zinc alloy

55% aluminum, 43,4% zinc and 1,6% silicon

Overglaze

"Water wet" gloss and resistance to physical damage

Steel 0,9 mm

Durable, rigid, lightweight steel core

Transparent Acrylic Coating

Enhances adhesion of subsequent topcoats
